Read the opinions!

Anna Szymczak, PhD

Rector of Sopot University of Applied Sciences

Economics is a universal field of study, providing the opportunity to build a career path in various areas of business in the broadest sense.

Alina Petrenko

Students and graduates feedback

Sopot University of Applied Sciences teaches me to expand my horizons and look only forward. This university is for the students and gives amazing support!

- » Business is an important part of these studies. You will learn how to negotiate in business, new marketing techniques, as well as communication and team management. Everything you need to **become a leader!**
- » Bilingualism is the key to success! In addition to studying in English, our programme emphasises the intensive study of a second foreign language. Within the specialization you can choose from: **German, Swedish, Spanish or French.** You will learn a second foreign language **from the beginning to B2**
- » You will learn in a **multicultural environment** and gain business knowledge about **cultural differences**. Can it get any better?
- » In the field of study you should have at least **B2** level of English and with us you'll reach **C1** already in the first semester

**Tomasz Kalinowski, PhD**

Former counsellor-minister,
economic diplomat, expert on
Polish-German relations

B&L is a modern educational offer for Students who are fascinated by the world of international business. With this new offer from SANS, you will no longer have to make the difficult choice between studying business and neo-philology fields of studies.

**Abraham Dean Nyagwaya**

Students and graduates
feedback

The reception of international students by school staff and other Polish students made me feel like at home. Being a student at SANS I am influenced and encouraged by our lecturers.

Read the opinions!

- » Our university has international accreditation **ACCA** (Association of Chartered Certified Accountants). It is the most prestigious financial qualifications in the world, recognizable on all continents
- » Combine a diploma from a renowned university with the ACCA business qualification of which only 11 universities in Poland offer as many as **9 modules** on a master's degree programme. We are **the only one** in our region
- » We offer a **diploma recognized as well as in Poland and abroad**, which opens up a wide range of international career opportunities
- » Our program offers **most attractive tuition fees in the world** and **discounts** on additional courses. To study this field of study you should have very good language skills - **B2+**
- » Economics is a field of study that changes reality, shapes the future and ensures stable employment!

Emilia Kruszyńska, master's degree

Expert in the field of finance and accounting. She has 10 years of experience in finance and accounting, mainly outside Polish. member of ACCA, holds the FCCA title

In the ACCA Finance and Accounting programme, we focus on the transfer of practical knowledge and we devote a lot of time to solving cases based on real business situations. These studies also teach many soft skills needed by all managers, such as time management, prioritization, and communication.
