BRITISH INTERNATIONAL COLLEGE

B.B.A. (BUSINESS COMPUTING)

Prepares students with skills in HR, marketing, finance, accounting, and global logistics management, enabling them to excel and innovate in the global business environment.

B.F.A. (THEORY OF ART)

Offers a comprehensive education focused on nurturing creativity and practical skills in various artistic disciplines.

B.F.A (DIGITAL DESIGN)

Focuses on the study of art theory, design principles, visual communication, and cultural analysis. Students will explore various disciplines including art history, media studies, psychology of art, and contemporary art criticism. The curriculum combines foundational design skills with critical thinking, innovation, and interdisciplinary approaches to understanding art in modern society.

B.B.A. (TOURISM AND HOSPITALITY MANAGEMENT)

Focuses on training students in hotel operations, event planning, marketing, and customer service. It covers tourism principles, sustainability, finance, and legal aspects, preparing them for careers in the global travel and hospitality industries.

B.TECH. (INFORMATION AND COMMUNICATION TECHNOLOGY)

Prepares analytical thinkers who use advanced technology to solve problems efficiently, become digital innovators, and apply ideas with strong ethics and professional responsibility.

- MASTER OF BUSINESS ADMINISTRATION
- DOCTOR OF PHILOSOPHY IN BUSINESS AND MANAGEMENT (PH.D)
- DOCTOR OF BUSINESS ADMINISTRATION (DBA)

INTERNATIONAL AVIATION AND AEROSPACE COLLEGE

B.TECH. (AVIATION INDUSTRY)

A program focused on the technical and operational aspects of the aviation industry, including aircraft systems, aviation maintenance, safety standards, and emerging technologies — preparing students for technical roles in airlines, airports, and aerospace companies.

CHINESE PROGRAM

B.A. (BUSINESS CHINESE)

Focuses on Chinese for business, equipping students with language skills for trade, marketing, and international business, with opportunities for hands-on experience in Thai–Chinese–ASEAN enterprises.

M.A. (CHINESE FOR THAI-CHINA-ASEAN BUSINESS)

Provides advanced knowledge in Chinese language education, training educators and researchers to teach and conduct academic studies in international contexts.

B.A. (CHINESE TEACHING TO SPEAKERS OF OTHER LANGUAGES)

Develops Chinese language proficiency and teaching methodologies for non-native speakers, preparing graduates to become professional Chinese language teachers and specialists worldwide.

M.A. (CHINESE TEACHING TO SPEAKERS OF OTHER LANGUAGES)

Specializes in Chinese for business communication across Thai–Chinese–ASEAN markets, preparing graduates for careers in international trade, negotiations, and regional business development.

PH.D. (CHINESE TEACHING TO SPEAKERS OF OTHER LANGUAGES)

Aims to produce high-level researchers and scholars in Chinese language education, contributing new knowledge and advancing careers as educators, policymakers, and international academics.
