“

This was my daughter's first summer camp away and she loved it so much. She thought the staff was amazing but also pretty cool and flexible. She made some lifelong friends who all are planning to return next year. She even loved the Spanish class – they were fun and interactive and she mentioned the curriculum should be shared with her school. Overall I'm happy with the safety and the experience.

My Summer at Expanish

“

I thoroughly enjoyed my time there. From the moment I arrived, the staff were welcoming, friendly and well-organised, which is a key element to cultural success! The itinerary was a perfect mix of educational activities, cultural immersion, and free time to explore. There was a mix of nationalities and backgrounds, which made for really interesting conversations and friendships. I made lots of new friends too. I would highly recommend it to anyone looking to combine language learning with cultural discovery. It was an incredible & unforgettable experience. I hope to visit Expanish again.

“

Everything was great from step one. My communication with admissions was prompts, clear and informative. Spanish lessons are appropriate with different levels and were challenging enough. Accommodations are wonderful, in a new dorm building with 2 person occupancy rooms and private bathroom. Kids appreciate a lot of independence with good security. Counselors were very responsive and accommodating. After lesson hours were filled with appropriate activities. Made many friends and plan to join it next year!
