Shape Your Future with English

My studies at OHLA were one of the brightest experiences of the past ten years. The professional and kind teachers helped me overcome the difficulties in English that I had struggled with my whole life. The social and cultural programs at OHLA helped me get to know and fall in love with the USA, and I intend to keep improving my English – thank you, OHLA.

”

This school has given me a lot. Not just improving my English but being surrounded by great people. I will remember this time of my life for a long time. You made me feel very contented and good energy.

Thanks for everything. Wish you success <3

ACADEMICS

1 Entry Point

Each level lasts ten weeks and is subdivided into five 2-week units called “blocks”. The blocks are designed to be as self contained and non cumulative resulting in a progression of skill development, which will maximize the learning experience.

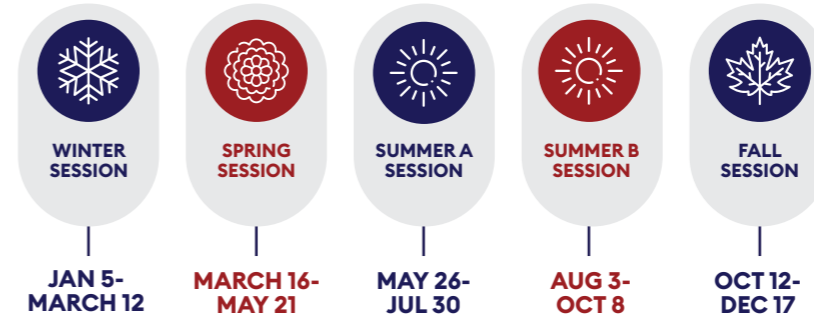

Students may commence their language studies almost every two weeks; however, we recommend starting at the beginning of Block 1, 2, or 3.

2 Class Size

Our average class size is 12 students. However, our classrooms can easily accommodate 15 students. This small group setting maximizes interaction and allows students to receive the individual attention required in a successful student-centered curriculum.

3 Sessions

Flexible Sessions throughout the Year

4 Levels

5 Curriculum

Our curriculum is skills-based, focused on developing necessary linguistic expertise in six major areas: reading, writing, vocabulary, grammar, listening and speaking. The best approach to developing these new linguistic skills is the same way we learned our native language, “organically”. Languages are not meant to be memorized, but rather practiced and used on a daily basis to master the language.

6 Faculty

Every member of our faculty holds a Bachelor’s or a Master’s Degree and a TESOL Certification. Besides looking for professionals with the require educational background, we seek teachers who have international teaching experience.

7 Placement Test & Orientation

On the first day of class, students sit for a comprehensive Placement Exam. Following their exam, students attend a welcome orientation where detailed information regarding visa regulations, accommodation, medical insurance coverage, etc. is provided.

The next day, students are placed in class and level based on their test results.

Our teachers’ diverse educational backgrounds provide students the benefit of various teaching styles & experiences.

OUR PROGRAMS

Our curriculum focuses on conscious learning versus minuscule corrections. We view the mastery of the English language as a continuous and progressive approach rather than a step-by-step exercise.
