Kozminski University

Kozminski University, established in 1993, has always focused on integrating theory with practice in Management, Finance, Law and Economics, offering specializations that meet the demands of a constantly evolving world.

Join an elite group – Kozminski University is among the top 1% of business schools worldwide with the prestigious ‘Triple Crown’ accreditation (EQUIS, AMBA, AACSB). Recognized in the Financial Times rankings, we are the #1 business school in Central & Eastern Europe.

Education at Kozminski is not just about acquiring knowledge but primarily about developing skills with the support of experienced experts and distinguished representatives from the business, academic, and public spheres. Our lecturers are professionals with rich academic backgrounds who not only share their knowledge but also inspire critical thinking and action. Guest lectures by Nobel Laureates, ambassadors, and CEOs of major corporations open doors to a world of international opportunities for our students.

Our student body consists of 13,000 individuals from around the world, creating a truly international environment. It is not just an opportunity to gain exceptional knowledge but also to establish international relationships and connections. Our alumni community includes nearly 80,000 individuals who actively shape the landscape of contemporary business, politics, and society.

Our graduates work as managers, financial analysts, legal professionals, business psychologists, politicians, and public officials. They run their own companies, startups, and foundations, both domestically and internationally. What unites them is their drive to create positive change in the world with energy, dedication, and ethical integrity.

Education that matters

DOUBLE DEGREE PROGRAMS 2 SEMESTERS | 2 COUNTRIES | 2 DIPLOMAS

Kozminski University offers a unique opportunity to earn two diplomas through double degree programs. These programs are conducted in collaboration with prestigious international partners, including KEDGE Business School, MBS School of Business, University of Limerick, Pontificia Universidade Catolica do Parana, Lisbon School of Economics & Management, Aston University, Hong Kong Baptist University, IESEG School of Management, and LUISS Business School. Many of these institutions are recognized in the "Financial Times" Business School Rankings, ensuring a world-class education and global career opportunities.

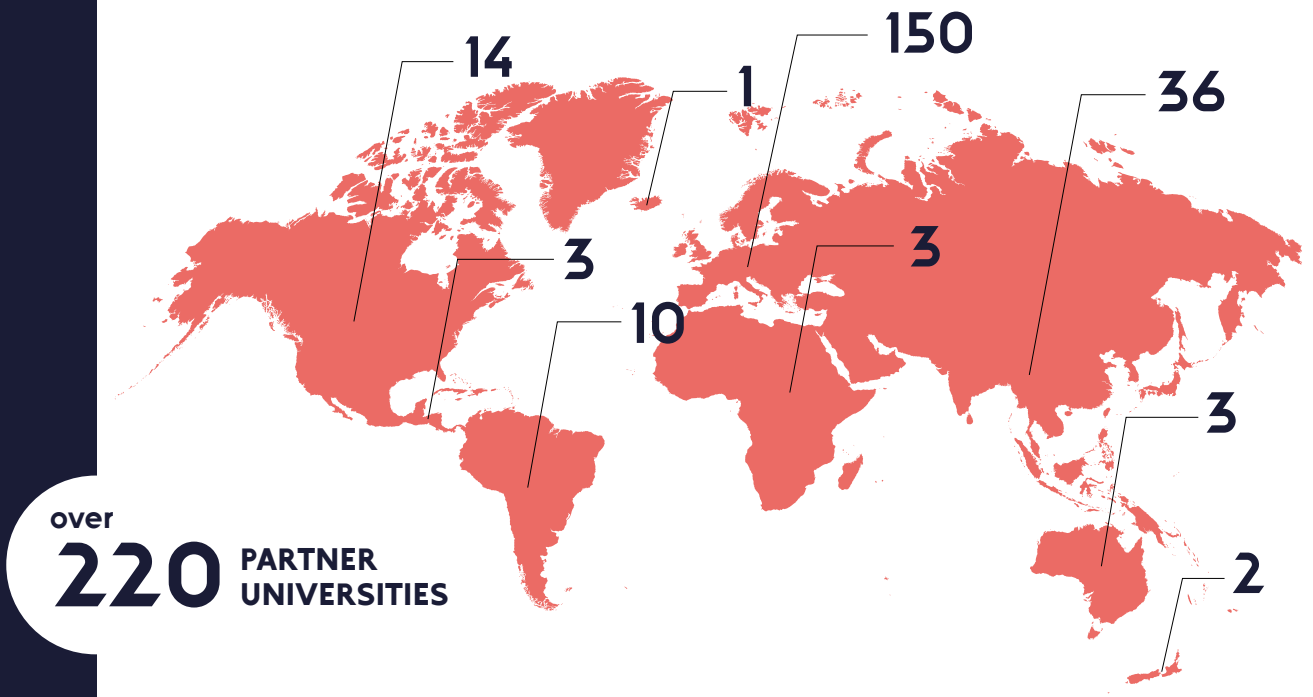

INTERNATIONAL ENVIRONMENT

Kozminski University has over 1,500 international students from over 80 countries. Our classes are taught by Kozminski University faculty members, who also conduct research abroad - including at such prominent schools as Harvard University and MIT. You will also have the opportunity to benefit from the knowledge and experience of professors visiting our University as guest lecturers. You will gain access to the latest business trends and practices from all around the world, as well as a diverse, intercultural perspective on each topic discussed.

INTERNATIONAL EXCHANGE

An essential part of studying at Kozminski University is the possibility to go on an international exchange. We have agreements with over 220 universities all over the world. The process is carried out within the framework of the Erasmus+ program, which provides funding for countries located in the EU, as well as under bilateral agreements with universities outside of Europe.

LEARN FOREIGN LANGUAGES

During Bachelor's studies in English, students can choose from the following languages:*

French | German | Spanish | Chinese | Polish

* Courses will be available if a sufficient number of students enroll.

Our Double Degree Programs

3 REASONS TO CHOOSE A DOUBLE DEGREE PROGRAM

#1 Finish your studies with two diplomas

#2 Create an international network of contacts

#3 Reduce the cost of studying abroad

Students of Bachelor's programs have the opportunity to join a Double Degree program, allowing them to receive not only a diploma from Kozminski University but also from our partner university.

Study abroad, earn two diplomas, and gain a competitive edge – all without additional tuition fees. Kozminski's exclusive Double Degree Program offers a truly international education while helping you build global career opportunities.

Majors*

- **MARKETING** – For creative minds eager to build brands, engage customers, and drive business growth in a digital world.
- **ENTREPRENEURSHIP** – For ambitious self-starters ready to turn ideas into successful ventures and lead innovative businesses.
- **INTERNATIONAL MANAGEMENT** – For globally minded leaders who want to navigate cross-cultural business environments and drive international success.
- **SUSTAINABLE BUSINESS**** – For forward-thinkers passionate about responsible leadership, green transformation, and sustainable business practices.

Program Highlights:

- Shape your own educational path by choosing from three unique majors.
- The opportunity to obtain two diplomas – one from Kozminski University and another from a partner university in France, Ireland, or Brazil through our Double Degree program.
- Mobility Window – The fifth semester is specifically designated for studying abroad, ensuring a smooth academic transition.
- Learn from international lecturers who also teach at world-renowned universities such as Harvard, Oxford, and Berkeley.

Career Prospects:

After graduation, you can pursue a career in international companies where fluent business English and the ability to work in a multicultural environment are essential.

Potential roles include positions in marketing, advertising, public relations, human resources, training, strategic planning, and development, as well as consulting.

You can also start your own business, collaborating with foreign partners and expanding into international markets.

* Any given major will be launched if the required number of students enroll (at least 17).

** New unique major delivered in collaboration with ESCP Business School. More information on page 8.

„Build your global network by connecting with peers from nearly over 80 countries.

The multicultural environment at Kozminski University enhances your intercultural skills and prepares you for the challenges of international business. Global exposure is a key asset for future employers, which is why we strongly encourage our students to take advantage of the Mobility Window – a dedicated exchange semester at one of our 220 partner universities during the 5th semester.

I look forward to welcoming you to the Bachelor in Management program at Kozminski University!”

Prof. Mariola Ciszewska-Mlinarič, Ph.D.

**Vice-Rector for International Cooperation and ESR,
Dean of the College of Management**

**UNIQUE MAJOR
ON BACHELOR IN MANAGEMENT**

SUSTAINABLE BUSINESS WITH ESCP BUSINESS SCHOOL

THE PROJECT IS FUNDED BY THE POLISH NATIONAL AGENCY FOR ACADEMIC EXCHANGE UNDER THE STRATEGIC PARTNERSHIPS PROGRAM.

Kozminski University, a leader in business education in Central and Eastern Europe, introduces an innovative Sustainable Business Major within the Bachelor in Management program.

This unique major, delivered in collaboration with the prestigious ESCP Business School, offers a Double Degree and prepares future leaders to drive sustainable transformation in business and society.

The Sustainable Business Major provides students with the knowledge and skills to navigate sustainability challenges using an interdisciplinary approach. Rooted in scientific research yet deeply connected to real-world business practices, the program covers a wide range of sustainability topics, offering insights into their context, solutions, and management tools for leading the transition toward sustainability.

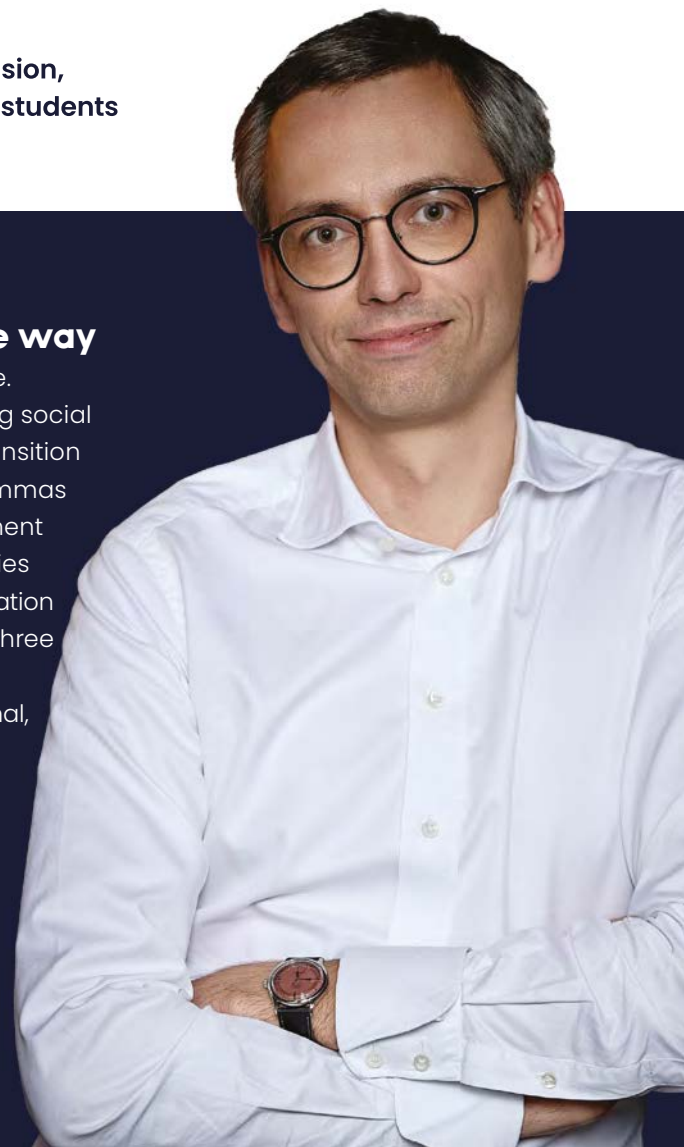

1 MAJOR | 2 DIPLOMAS | 6 DIFFERENT CAMPUSES

A key highlight of the program is its international dimension, with studies taking place across three countries, giving students a truly global perspective on sustainable business.

The ability to run a business in a sustainable way

is increasingly becoming a source of competitive advantage. Understanding phenomena such as the climate crisis, growing social issues, resource management challenges, and the energy transition – as well as knowing how to consciously address ethical dilemmas – is becoming crucial. This not only enables better management of emerging risks, but also opens up new business opportunities for creating long-term value. Our program, delivered in collaboration with the prestigious ESCP Business School and taught across three European campuses, prepares future managers to face the challenges confronting modern organizations. A multidimensional, interdisciplinary approach to management, combined with a fully international environment, equips students with highly valued knowledge and skills that empower them to drive meaningful change toward greater sustainability.

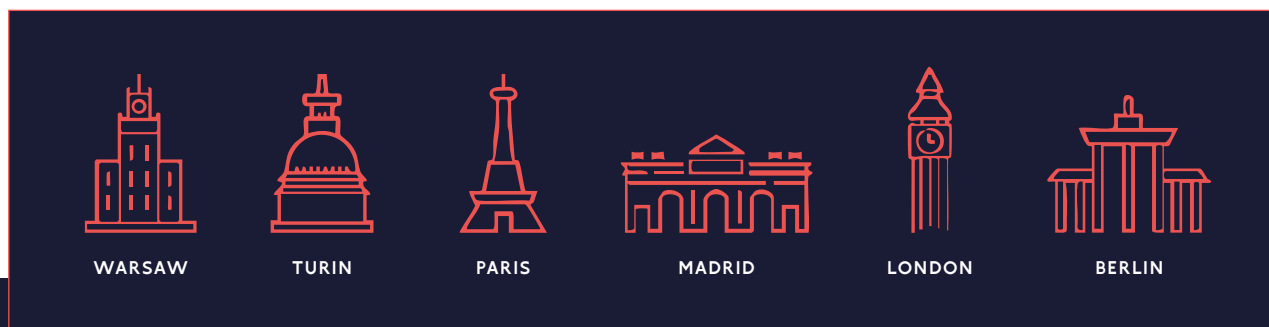

Przemysław Wasilewski,
Leader of the Major

CAREER PROSPECTS

- **SUSTAINABILITY CONSULTANT**
 - Advising organizations on integrating sustainable practices, ensuring compliance, and meeting environmental goals.
- **CSR MANAGER**
 - Developing strategies that align business success with social and environmental responsibility.
- **ENVIRONMENTAL MANAGER**
 - Leading sustainability initiatives, including reducing carbon emissions, waste management, and regulatory compliance.
- **SUSTAINABLE SUPPLY CHAIN MANAGER**
 - Ensuring ethical sourcing, minimizing environmental footprint, and promoting responsible supply chain practices.
- **SUSTAINABILITY ANALYST**
 - Conducting research and data analysis to improve organizations' sustainability performance.
- **POLICY ADVISOR**
 - Shaping policies for governments, NGOs, and international organizations to support sustainable development.
- **ENVIRONMENTAL COMMUNICATIONS MANAGER**
 - Communicating sustainability initiatives to stakeholders, employees, and the public.
- **SUSTAINABLE BUSINESS STRATEGIST**
 - Helping businesses integrate sustainability into long-term strategies while balancing profitability.

WITH THE GROWING GLOBAL FOCUS ON SUSTAINABILITY, DEMAND FOR THESE CAREERS IS RAPIDLY INCREASING ACROSS INDUSTRIES.

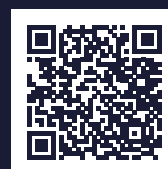

PROGRAM HIGHLIGHTS

The Sustainable Business Major provides students with the knowledge and skills to drive sustainable transformation using an interdisciplinary approach. Grounded in scientific research while incorporating a business perspective, the program covers a wide range of sustainability challenges, solutions, and management tools.

This international program, conducted across three countries, offers a deeper understanding of sustainable business in the context of environmental impact, social responsibility, and ethical management, while maintaining financial profitability.

Courses develop critical skills in analyzing complex sustainability challenges, such as climate change, resource shortages, and environmental regulations. Students also learn to assess the business impact of sustainability and effectively communicate its value to key stakeholders, including management, investors, employees, and clients.

BACHELOR IN MANAGEMENT AND SOCIOLOGY IN BUSINESS AND MEDIA FULL-TIME

FOR FUTURE LEADERS exploring the intersection of management, sociology, and media in today's complex business environment.

Partners of the program include:

Gemius | Voice House | Kuźniar Media Group | Canal + Group | Newspoint | brief.pl | mElements

Program Highlights:

- Interactive, discussion-based workshops led by industry professionals.
- Opportunities to engage with top sociologists, journalists, business experts, and media managers.
- The program is supported by the Kozminski University Council for Marketing and Digital Transformation, which provides expert lectures and online sessions.
- Cutting-edge teaching methods, including virtual reality and courses held in professional media studios and digital labs.

Career Prospects:

Graduates can pursue careers in:

- Advertising and PR agencies
- Digital marketing and consulting firms
- Traditional and online media
- Research, training, and consulting centers
- Editorial teams for digital platforms
- E-commerce businesses
- Media and social communication-related roles

„We live in the digital age, immersed in a world of communication technologies that accompany us from dawn to dusk – that’s why Management and Sociology in Business and Media at Kozminski University sets new educational trends in management and digital sociology. During your studies, you will learn how to design effective business communication, utilize digital public relations tools, and conduct research on social phenomena and online communities. You will explore the functioning of business organizations and individuals in economic, social, and political spaces, the cultural and educational role of media, and the interactions between humans and technology. You will also discover how to apply digital tools such as big data, data science, and business intelligence in analyzing and visualizing social phenomena. Join us and be a part of the future of business and media”.

Krzysztof Kuźmicz, Ph.D.

Head of Bachelor in Management and Sociology
in Business and Media

BACHELOR IN MANAGEMENT AND ARTIFICIAL INTELLIGENCE FULL-TIME

[Learn more](#)

FOR FUTURE LEADERS integrating management and AI to drive innovation and data-driven decisions.

Partners of the program include:

Microsoft | Oracle | National Information Processing Institute

Program Highlights:

- The only program in Poland that combines artificial intelligence with business education.
- Emphasizes AI and programming in modern business strategy development.
- Opportunity to complete a Python programming course and earn a recognized certificate.
- Courses led by AI experts and industry practitioners.
- The opportunity to obtain two diplomas – one from Kozminski University and another from our partner university in Italy through the Double Degree program.

Career Prospects:

Graduates can pursue careers in:

- International corporations in manufacturing, services, banking, insurance, and telecommunications.
- Public administration, research centers, and digital economy sectors such as e-commerce and startups.
- Consulting roles, particularly in IT strategy and data analytics.
- Managerial roles in organizations integrating AI into business operations.

„The future won't wait – we must shape it ourselves. Our program offers a well-balanced blend of management, data science, and artificial intelligence, combining analytical subjects like programming and machine learning with business and management fundamentals. We are passionate about AI and committed to preparing you for success in the organizations of the future”.

Prof. Aleksandra Przegalińska, Ph.D.

Vice-Rector for Innovation, Head of Bachelor in Management & Artificial Intelligence Program

Why Study in Poland?

THE HEART OF EUROPE – AN IDEAL PLACE TO STUDY AND LIVE

Poland, in the heart of Europe, offers easy access to other countries and provides a dynamic academic and business environment.

THRIVING JOB MARKET AND INTERNATIONAL CAREERS

Poland is one of the fastest-growing markets in Europe, attracting global companies in IT, finance, consulting, and engineering. Students gain valuable experience and job opportunities in an international environment.

WARSAW – A THRIVING ACADEMIC AND BUSINESS HUB

A city rich in educational, professional, and cultural opportunities. Numerous events, cafés, theaters, and green spaces ensure a high quality of life.

LOWER COST OF LIVING AND TUITION

High-quality education with a cost advantage over Berlin, London, and Paris.

SAFETY AND QUALITY OF LIFE

Poland is one of the safest and most stable countries in Europe, offering an ideal environment for students.

RICH CULTURE AND HISTORY

Historic landmarks, festivals, concerts, and artistic events create an inspiring setting for studying and personal development.

KOZMINSKI UNIVERSITY
**DEVELOPMENT
FOUNDATION**

Empowering Your Future

Pursuing a Bachelor's degree is a bold step – one that should be driven by ambition and talent, not financial limitations. At Kozminski University, we believe that access to top-quality education should be within reach for all high-achieving students, regardless of their financial background.

That's why we created **the Kozminski University Development Foundation**, managing Poland's first **university endowment fund**, inspired by Harvard, Stanford, and MIT. Since 2023, with the support of our partners and donors, we have been funding:

- Scholarships for exceptional talents.
- Faculty development & groundbreaking research.
- Modern learning infrastructure & campus advancements.

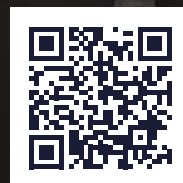

The Foundation thrives thanks to the generosity of individuals, companies, including parents of our students, all united by the belief that investing in education is investing in the future.

Breaking financial barriers

- Scholarships covering up to 100% of tuition fees.
- Exclusive support programs co-created with business leaders, providing career and development opportunities.
- Merit-based scholarships for outstanding students.
- Scholarships for socially engaged students, active in student organizations, or excelling in sports.

Investing in education.
Shaping the future.

Mentoring & Talent Programs

LEARN MORE

SCHOLARSHIP FUNDS

Grow with Kozminski University! We offer academic and social scholarships, as well as support for passionate and creative minds. Regardless of your financial situation, you can receive financial and mentoring support that will open the door to world-class education. These programs are available to talented young individuals from around the world who excel academically, demonstrate entrepreneurial and creative thinking, make a positive impact on their communities, or stand out in sports and competitions.

At Kozminski University, you can apply for the following scholarships:

AS A CANDIDATE

For the best candidates*	For Olympiad participants***

AS A STUDENT

- **ACADEMIC SCHOLARSHIP** for good academic performance
- **SCHOLARSHIP FOR OUTSTANDING PERFORMANCE** in sports and arts
- **SOCIAL SCHOLARSHIP**
- **SCHOLARSHIP FOR STUDENTS WITH SPECIAL NEEDS**

* The scholarship is granted for the first semester of studies and can be extended to the second semester on the condition that a student achieves a grade point average of 4.60.

** Further extensions can be granted if the student maintains grade point average of 4.60 and demonstrates additional extracurricular activities or achievements.

*** The scholarship is granted for the first year of studies. It can be extended for the following years on condition that the student maintains an average grade of 4.60 throughout the course of studies.

MENTORING & TALENT PROGRAMS

Talent Program

The Career and External Relations Office has designed a Talent Program and initiatives for high-potential individuals. The goal is to support talents in self-discovery and career development on their own terms, in alignment with their values and needs – in a conscious and strategic way. The program includes various activities carried out in collaboration with business partners, allowing young talents to validate their chosen career paths and development goals. Through meetings with top experts – leaders, specialists, and advisors – participants will receive valuable guidance and inspiration. Additional talent placement activities will help young professionals confidently embark on their career journey.

Turn your dreams of top-tier education into reality!

Admission Requirements for programs conducted in English

Admission is based on the results of the matriculation exam (matura) in three subjects chosen by the candidate from the available examination subjects, along with an English language proficiency certificate (full list available at www.kozminski.edu.pl).

Qualifying points are calculated based on the percentage results from the Polish Matura certificate as follows:

1% BASIC LEVEL	1% ADVANCED LEVEL	1% BILINGUAL LEVEL	1% MATHEMATICS ADVANCED LEVEL
1,5 PTS	2 PTS	2,5 PTS	3 PTS

Grades from the "old matriculation" system, the International Baccalaureate (IB), or a foreign high school diploma are converted into qualifying points according to the resolution of the Kozminski University Senate.

Applicants with documents issued outside the EU, EFTA, OECD, Ukraine, and China must pass a short online knowledge test and provide a NAWA statement or recognition decision confirming eligibility for higher education. This confirmation is required before admission and for the student visa – for full details, please contact our Admission Office.

Candidates are accepted on the basis of a ranking list, which is created based on the sum of admission points. A minimum of 350 recruitment points is required to participate in the admission process. Admission is conducted in 4 batches:
