SOCIAL PROGRAMME

We believe that in order to get the most from our programmes, students should be exposed to English not just in the classroom but in a variety of environments and contexts. That's why our social and cultural programme is so important to us and why we spend so much time and energy making sure that it is as vibrant and interesting as possible.

.Our fully supervised social and cultural programmes are designed to provide students with more opportunities to use their English outside the classroom. The activities and excursions are integrated with learning in the classroom so that students can get the most out of the cultural visits.

Our Junior Summer programmes have a dual focus: boosting English language skills and creating unforgettable experiences.

We empower our young learners to select activities tailored to their interests, going beyond the classroom.

We value each student's uniqueness, offering a wide range of activities to ensure everyone finds something they love.

Clare offers students the chance to experience the charm of Ireland's west coast. Based in Ennis, a lively town known for traditional Irish culture, students enjoy a safe and welcoming environment. The programme also includes opportunities to explore highlights of the West of Ireland, including Galway, the Aran Islands, Limerick and other cultural and natural attractions.

JP20 ARTS

This programme is designed for students who prefer humanities to sports, encouraging creativity, social interaction, confidence, and speaking skills. Weekly activities include video-making, graffiti, arts and crafts, music, bowling, drama, games, projects, presentations and photography. Over two weeks, students also prepare for a grand finale talent show!

JP20 SPORTS

The sports programme is ideal for active students who enjoy trying different sports while meeting peers from other countries. It encourages teamwork and communication. Activities include soccer, rugby, basketball, bowling, baseball, self-defence and Irish sports such as Gaelic football and hurling. A two-week tournament ends with semi-finals and finals on the last day.

HOMESTAY & TRANSPORT

In Clare, students stay with carefully selected local host families.

Students staying with country-based families are driven to and from school each day, while those staying with town-based families can walk to school. The maximum journey time is approximately 30 minutes, whether walking or driving.

TESTIMONIALS

It's the first time I have travelled to Ireland and taken part in the Atlas Junior programme. It's so much fun and I'm looking forward to coming back as soon as possible. I love the English classes, trips to Dublin and all the other activities, because you make contact with a lot of people from different countries and cultures, and have so much fun. You don't even realise that you are improving your English skills!

It is the first time that I have studied in Atlas and I've had a great experience. I have made many friends from all around the world. The teachers make the classes really fun. I'm sure Atlas is the best!

I've studied at Atlas two different times. I think that it is a very beautiful and interesting experience because you can meet a lot of people from different places and countries. The teachers are very funny and friendly, and the lessons are really fun too.

Each year we send many junior groups to countries and cities all around the world. I can honestly say that the Atlas are one of the very best schools we have ever worked with. The staff are incredibly professional and a pleasure to deal with while the academic programme, standard of accommodation and level of service is of the very highest quality. We have sent juniors to Atlas for over 10 years and during that time they have become one of our biggest partners - I really can't recommend them enough!

**OSCAR PORRAS,

I have been sending groups to Atlas for several years and the feedback I receive, both from students and group leaders, is always fantastic. The quality of teaching is outstanding and the social activities are fun and engaging. Another point of excellence of this programme is the accommodation: Atlas host families are experienced and welcoming and they really make the students feel at home. Moreover the staff is always professional, friendly and ready to help. I'm looking forward to sending more groups to Atlas Junior!

We have had a successful partnership with Atlas for over 10 years and have had only happy students. Atlas always tries to accommodate all needs and requirements of the students and they have extremely friendly and helpful host families. The students always mention the fantastic social programme and excursions!
